SUMMARY

I am seeking opportunities to work with a forward-thinking company that can help me improve my skills, expand my knowledge, and realize my full potential. I am open to exploring a wide range of roles that will provide me with diverse experiences and help me gain valuable perspective in my field.

INTERNSHIP

Web Development
Exposys Data Lab

Python Development
TechnoHacks EduTech

EDUCATION

Bachelor of Technology
Gandhi institute of excellence technocrats

Bhubaneswar
02/2021 - 02/2024

+2
Gyan Vikash Higher Secondary school

Berhampur
03/2018 - 03/2020

SKILLS

Python , HTML5 , CSS, JavaScript , Tailwind CSS, React , Next, Django web framework , Django rest framework , Express, MongoDB, MySQL, PostgreSQL , JSON, C/C++, Rest API, Git, Sqlite3, JWT

PROJECTS

CRUD Website   06/2022 - 06/2022
Creating a CRUD (Create, Read, Update, Delete) website involves implementing functionality to manage items, typically in a database. Here's an overview of the main components and steps involved in building a CRUD application:

Course management   07/2022 - 08/2022
To create a project where users can view course details only after authentication, you'll need to integrate user authentication into your Django project and restrict access to certain views based on user login status.

Automobile management   11/2022 - 02/2023
To implement a project where users are redirected to a vehicle page after authentication, allowing them to choose a vehicle and contact the dealer, follow these steps. The implementation includes authentication, vehicle listing, and contact functionality.

Employee management   04/2023 - 04/2023
To add functionality that tracks the number of employees in a company and identifies which company an employee belongs to, you'll need to define models for Company and Employee.

CERTIFICATION

Crash course on python

HTML, CSS and JavaScript
